

BLACK SHEEP

sport, music and lamb
17.-19.05.2024. Baška, Island of Krk

3, 2... baa!

The countdown to the year's most exciting weekend has begun!

Our very own Black Sheep is coming out of hibernation, stretching its legs, and getting ready to bleat her way through the weekend from May 17 to 19, in Baška on the island of Krk. It's a sign for all the black sheep out there, young and old alike, to get ready and plan their annual pilgrimage to Baška, where they will join the blackest flock ever in tasting the most delicious lamb meat and participating in various free concerts, sporting activities, and other sheep-related events. Be the black sheep that you are and show up!
